

FOR A JUST SOCIETY

The Association for Socio-Economic Advancement of Bangladesh (ASEAB) is a non-government, non-political, and voluntary development organization founded and run by a group of committed professionals, social workers, and multi-disciplinary experts. For over 30 years, ASEAB has been contributing to uplifting the miseries of the poor and the needy communities facing multi-faceted social deprivation and long-held injustices.

Through various projects, the organization aims at ending poverty, and improving the lives and prospects of the destitute across Bangladesh. The head office of ASEAB is situated in the village of Khayerbagan, 10 kilometers from the district headquarters of Pabna, located in the catchment of the great river Padma.

In the last three decades, ASEAB played a significant role in transforming the lives of the people of Char areas of Pabna, where acute poverty, starvation, illiteracy, floods, river erosion, habitat loss, and a decline in cultivable land have been prevalent. In this context, ASEAB commits its resources at relieving individuals from the grip of enduring poverty and hunger. Since its inception ASEAB have covered more than 10 of 17 SDGs to mitigate social injustice, deprivation, and inequality across almost all the divisions of Bangladesh through different initiatives. As of 2023, ASEAB has served about a million beneficiaries and their families.

ASEAB has been working and affiliated with different national and international organizations and networks since its inception. The organization obtained registration with the NGO Affairs Bureau in 1995, the Trust Act in 2002, the Microcredit Regulatory Authority in 2008, and the Joint Stock Company in 2009.

ASEAB COMMUNITY HOSPITAL PROJECT

PROJECT DURATION
2007 TO TILL NOW

Funded By
MOH&FP and ASEAB

Beneficiary

- The poor and the extremely poor children, pregnant and lactating mothers
- Women and elderly who are unable to attain proper healthcare.

PRESENT TARGET
4000
PATIENTS

FUTURE TARGET
9000
Within 2025

Project Area

- 10-bed community hospital at Pabna Sadar

Project Objective

The project aims to provide primary health care services to the target group at a low cost or free of charge. The aim is to ensure the accessibility of healthcare services for individuals who are unable to afford such life-saving expenses. It also raises awareness about the game-changing roles health and hygiene play in the community. The ultimate goal is to provide the community with timely and appropriate health and medical support.

Project Activities

The ASEAB Community Hospital mainly provides primary healthcare services to the community. The outdoor facility of the hospital receives numerous visits every day from patients who seek a proper diagnosis and healthcare. The qualified physicians provide optimal medical care to every patient with a universal unbiased approach. The hospital provides medical diagnosis, advice, counseling, and prescription as well as medical follow-up facilities to monitor the progress of the patients. Specialized treatment and counseling services are available for pregnant and lactating mothers and children. Special and complicated cases beyond the scope of the hospital's services, are referred to nearby government hospitals for more advanced treatment.
